WEBSITE www.yipyop.com

I'm a visual designer with an extensive background in Web, screen, print, and packaging. Working at both large companies and start-ups has taught me to work efficiently under tight timelines, communicate well, and always keep stakeholders' goals as my top priority. Above all I'm creative, flexible, and enthusiastic about the work I'm privileged to do.

WORK HISTORY

Cxense | Senior Visual Designer | Oct 2016—Present

Web and application design and UI, dashboards, responsive and mobile layouts, presentation materials, and marketing collateral.

Ramp | Creative Director | June 2009—Oct 2016

My work has been recognized for directly influencing a large increase in partner sales and agreements, and receiving awards for several industry-leading products.

Responsible for Web and application design and UI, dashboards, responsive and mobile layouts, brand creation, presentation materials, and marketing collateral.

Performance review excerpt: "Mike is fantastic to work with and makes excellent decisions under tight timelines. His work on new products has been innovative and proven to be useful sales tools. He exceeds all expectations."

Red Hat | Designer | March 2006—June 2009

Web and application design and UI, brand creation, user interfaces, diagrams and illustrations, product design, usability testing, copywriting, packaging, music and sound design for video ads and operating systems.

Performance review excerpt: "Mike is endlessly creative, with fun, distinctive ideas. He's able to adapt to whatever style a project requires, and gets things done in a hurry."

Lycos | Senior Designer | June 1999—Feb 2006

Web design, brand creation, style guide creation, co-branding, icon themes, user interfaces, diagrams and illustrations, usability testing, and marketing collateral.

Performance review excerpt: "Mike is the person every employer dreams will walk in the door: dependable, creative, and he approaches every day like it's Christmas."
