

# MIKE LANGLIE

## VISUAL DESIGNER

.....

I'm a visual designer with an extensive background in Web, screen, print, and packaging. Working at large companies and start-ups has taught me to work efficiently under tight timelines, communicate well, and always keep stakeholder goals as my top priority. Above all I'm creative, flexible, and enthusiastic about the work I'm privileged to do.

### WORK HISTORY

**Indico / Lead UI Designer / Oct 2017—Present**

Web and application design, UX and UI, diagrams and illustrations, presentation materials, print and marketing collateral.

*"Mike embodies communication, commitment, and contribution. His ability to collaborate, dive into the details, and keep a cool head while providing great results makes Mike a great colleague." (Sasha Freese, VP, Product)*

**Cxense / Senior Visual Designer / Oct 2015—Aug 2017**

Web and application design, UX and UI, responsive and mobile layouts, presentation materials, print and marketing collateral.

*"Mike works with a very high standard of quality, has amazing throughput, and great creativity. He is respected by his peers and has good ideas to contribute beyond just his functional area of focus." (Tom Wilde, Chief Product Officer)*

**Ramp / Senior Visual Designer, Creative Director / June 2009—Oct 2015**

My work has been recognized for directly influencing a large increase in partner sales and agreements, and received awards for several industry-leading products.

Web and application design, UX and UI, responsive and mobile layouts, brand creation, presentation materials, print and marketing collateral.

*"Mike is fantastic to work with and makes excellent decisions under tight timelines. His work is innovative and proven to be useful sales tools. He exceeds all expectations." (Tom Wilde, Founder & CEO)*

**Red Hat / Visual Designer / March 2006—June 2009**

Web and application design, UX and UI, brand creation, diagrams and illustrations, usability testing, copywriting, product design and packaging, music and sound design for videos and operating systems.

*"Mike is endlessly creative, with fun, distinctive ideas. He's able to adapt to whatever a project requires, and gets things done in a hurry." (Havoc Pennington, Lead Developer)*

**Lycos / Senior Designer / June 1999—Feb 2006**

Web design, UX and UI, brand and style guide creation, diagrams and illustrations, icon themes, usability testing, print and marketing collateral.

*"Mike is the person every employer dreams will walk in the door: dependable, creative, and he approaches every day like it's Christmas." (Alyssa Bushey, Manager)*
